Description: In many countries, Peace Corps Volunteers work to empower youth with the necessary knowledge, skills, and experiences to become healthy and engaged citizens. Volunteers themselves act as positive role models for the youth in their communities. As a Peace Corps Volunteer working in the Youth Development or Educational sector, you may:

- Work with community members to create youth groups and parent groups
- Implement sports teams to focus on leadership and life-skill development
- Facilitate workshops discussing positive relationships and positive family communication while incorporating a gender perspective

Join us at this Returned Peace Corps Volunteer discussion to learn about Volunteer experiences, ask questions about service, and gain tips to guide you through the application process.
