International Coffee Hour

**Location:** Virtual (Zoom)

**Description:** International Coffee Hour is a great place for international and U.S. students, scholars, faculty, and staff to virtually socialize with each other and meet new people from around the world.

- The January 29 session is our Winter semester kick-off coffee hour, co-sponsored with International House Ann Arbor [2]. This coffee hour will focus on activities through which you will get to meet the other participants!
- The February 11 session will have a Valentine’s Day theme. We’ll talk about Valentine’s Day and how it’s typically celebrated in the U.S., followed by a discussion about healthy relationships facilitated by this month’s special guest, SAPAC [3].
- The March 25 session will have a wellness theme and will feature a special guest from Wolverine Wellness [4].
