Tips to Compete for Top Internships & Jobs Worldwide: An International Internship Workshop presented by Sage Corps

Date and Time:
Wednesday, February 10, 2021 - 12:00pm to 1:00pm

Sage Corps is holding a workshop to introduce its career development process and share tips and tricks for all students (including F-1 students who need CPT and/or OPT) to secure sought-after internships and entry level jobs across industries. Students will walk away with a roadmap for how to improve their employability with bolstered skills and experience.

Sage Corps is a global career accelerator program that helps college students build hard skills for trending jobs and offers opportunities to work with entrepreneurs at startup companies worldwide - both in-person and remotely.

Sage Corps offers three types of programs for students:

1) Online Skills Academy: 50 hours of online skill training for select professional roles (digital marketing, sales/business development, design, data analytics, software development)

2) Start! Program: 3 week team-based consulting projects for startups

3) Global Career Accelerator Program: 12 week internship programs during the semester (part-time) or summer (full-time).
