If You Visit the International Center
• Remember that for everyone’s safety, U-M requires you to wear a face covering that covers your mouth, nose and chin indoors on campus and on U-M buses, so please be sure to wear your face covering when you visit our office. However, masks are not currently required for individuals who are fully vaccinated and have self-reported their status to the university. As is the case with all campus buildings and facilities, you are required to use ResponsiBLUE [5] before entering our building.
• With current physical distancing standards, we have very limited space – enough for three people only - in the waiting area inside our office. As such, we have placed and marked lines in the lobby so that you will know where to stand to maintain social distancing. Please read the signs and markers on each line, and wait in the appropriate line until you are called by Front Desk Staff. **Please do not crowd around the IC door.**
• When our Front Desk staff calls you, please stand on the floor marker, and only approach the counter when the front desk staff directs you to provide or retrieve documents.
• If you are experiencing cough, fever, shortness of breath, body aches or pains, other symptoms of illness or if you have had close or household contact in the last 14 days with someone diagnosed with COVID-19, do not come to the IC, even if you have a visit scheduled. Contact your health care provider or UHS. If you have a scheduled visit, we will reschedule it.
• If you have a scheduled visit and will be significantly delayed, please contact us to reschedule.
• After exiting the office, we recommend you wash or sanitize your hands.
