If you are eligible, International Center will issue an updated SEVIS I-20 with a recommendation for international organization employment. Processing an I-20 may take 1-2 weeks.

After preparation of the above materials, mail your application to the appropriate USCIS Service Center - refer to the I-765 instructions for the list of addresses. The USCIS processing time for your I-765 application may be 3-4 months. If approved by USCIS, you will receive an Employment Authorization Document (EAD) card granting you permission to work at the International Organization. Note the following:

- You may not start the employment until you have received the EAD and the start date indicated on the EAD has been reached. You must stop employment by the EAD expiration date or by the date you finish your studies, whichever is earlier.
- You must remain a full-time student and make full-time progress toward degree completion while working either part-time or full-time for the international organization.
- Time spent working for an international organization does not count against your 12 months of optional practical training.
- If you wish to continue working for the International Organization beyond the validity date of your EAD, you must reapply well in advance to International Center and USCIS again.
