Travel

Current International Travel Restrictions and Considerations
- **Travelers Prohibited Entry from Entry to the United States due to COVID-19** (also applies to transit passengers)
- **National Interest Exception for certain travelers** (including those in India) affected by COVID-19 travel restrictions
- **Negative COVID-19 Test Result or Proof of Recovery Required** - effective 1/26/2020
- Presidential Proclamation 10052 temporarily suspending entry of certain H-1B and other nonimmigrants expired on 3/31/21.
- **Closure of Land Border Crossings with Canada and Mexico to Non-Essential Travel** (extended until 6/21/21)
- **Phased Resumption of Routine Visa Services**
- **Expansion of Interview Waiver Eligibility**
- **CDC and UM Requirements for International Travelers to Campus**

Traveling in the U.S.

If you are traveling within the U.S., especially outside of the immediate Ann Arbor area, you should carry your original immigration/status documents (e.g. passport, I-94 print-out and H-1B approval notice) with you. Even though you most likely will not be asked for them, it is important to note that, by law, you are required to carry your “registration form” with you. As a non-immigrant, your registration form is your I-94. Please be sure to store copies of all your immigration documents, should you lose your original documents and need to replace them.

Before You Travel Internationally

While you hold H-1B status, you are free to travel internationally. Before you travel, please review the University of Michigan Travel Information & Registration website, which includes current travel conditions and helpful links, as well as a registration for faculty, staff and students traveling for University-related activities. The Department of State also issues travel alerts and warnings.

Entering the U.S. for the First Time

Individuals coming to the U.S. in H-1B, TN and E-3 status may enter the country as early as ten days prior to the approved start date as indicated on their H-1B Approval Notice/LCA (E-3) or TN documents.
Individuals attempting to enter the U.S. before this 10-day period run the risk of being refused admission at the border.

Please be sure to review CBP's international visitor information [15] to review important information regarding the admission process and about bringing food [16], medication [17], pets [18] and money and other monetary instruments [19] into the U.S. Also, note that CBP reserves the right to inspect your electronic devices [20], such as your cell phone, tablet or laptop. If your electronic device is selected for such an inspection, you should receive a CBP fact sheet [21] with additional details.

Re-entering the U.S.

To re-enter the US after a stay abroad, you should always bring the following documents:

- Valid passport
- Valid visa stamp, if applicable, in the appropriate category (H-1B, E-3, TN, etc.) [22]
- H-1B Approval Notice, if applicable
- Copy of your immigration status application:
  - H-1B petition
  - TN letter
  - E-3 LCA and/or petition
- Three last paystubs
- Employment Confirmation Letter from your department [23]

Upon your return to the U.S.

Please send a copy of your new I-94 record [24] to the International Center for verification!
