If you are not an F-1 student or a J-1 student or scholar with an I-20 (F-1 students) or a DS-2019 (J-1 students and scholars) issued by the University of Michigan (Ann Arbor), you are not eligible for the U-M IHI Plan. However, you are eligible for the Domestic Student Health Insurance Plan [1]. Although this plan is called the “domestic student” plan, international students and scholars who are not eligible for the IHI plan are eligible for this plan [2]. If you have a sponsor (Fulbright, for example), you should also contact your sponsor to learn about insurance provided by your sponsor.
