General Information

Explanations and Tips

Prices
Prices are not fixed in the United States, so stores in Ann Arbor may charge different prices for the same item. You may want to compare prices between stores before you make a purchase. The internet is a good way to do this, especially for brand name items.

Sales Taxes
Michigan's sales tax is 6% (in 2011) for all products except food, medicine and periodical publications (newspapers and magazines but NOT books). The prices at stores do not include sales tax.

Personal Checks
Purchases made with a personal check require picture identification, preferably a Michigan Driver’s License or a State of Michigan identification (ID) card. Student ID cards may not be accepted at stores off campus. It is not necessary to show your passport. Some stores, especially small businesses, might not accept checks. Personal checks are often used to pay bills.

Credit Cards
It is safer to use a credit card than cash when purchasing expensive items. A credit card defers payment until you receive a bill once a month. Read the information that comes with your credit card carefully and pay attention to monthly interest fees and late payment penalties. Major credit cards in the U.S. include VISA, MasterCard, American Express, and Discover. Generally most stores accept VISA or MasterCard. If your credit card is lost or stolen, contact the credit card company immediately.

Cash
Carry money in small bills (e.g. $5, $10, $20) because smaller stores may not accept large bills, such as $50 and $100. It is not safe to carry large amounts of cash.
ATM and Check Cards
Most stores accept check/debit cards, which immediately deduct the money directly from your bank account. They can also be used to withdraw cash at ATMs, but there may be a service fee or $1-3. Always read the fine print. There is a conversion fee for using foreign ATM cards.

Coupons
Coupons can save you money on food and daily necessities. Coupons are available in newspapers (Detroit News, Detroit Free Press) and online. At the beginning of each term, coupons for downtown restaurants and stores are distributed around campus. Check the coupon's expiration date on coupons and the terms of discount. Give your coupon to the cashier at the beginning of your purchase.

Store Savings Card
Kroger, CVS, RiteAid and other stores offer free programs ("Kroger Plus" at Kroger, "ExtraCare Rewards" at CVS, and “Wellness +" at RiteAid) that provide product discounts. After you sign up you receive a card to keep in your wallet or on a keychain. Ask the store’s customer service for details.

Return Policy
If you are not satisfied with an item or service you have purchased, you should return it as soon as possible. All stores require a sales receipt for a cash refund or credit card refund. If you don’t have a receipt or the item is used, some stores will still exchange the item or give you store credit, depending on store policy. Underwear and bathing suits are almost always not returnable, and some stores do not accept returns on sale items. Ask for details before you buy.

Alcoholic Beverages
State law requires that the buyer of alcoholic beverages be 21 years or older. You will may asked for an identification card when purchasing alcohol even if you look older than 21. It is illegal to purchase alcohol for people under 21 years old.

Note on Winter Clothing: You will need a long, warm coat and insulated, waterproof snow boots for Ann Arbor's cold, windy, snowy winters. Look for wool, down-filled or synthetic fiber-filled coats that are big enough to wear multiple layers of clothing underneath. The most effective styles cover the neck, have close-fitting cuffs, and are snug at the waist. Boots should be lined with fleece, thinsulate, or another insulating material, have a non-slip tread, and be tall enough to tuck in your pantlegs. You should also have a wool or fleece scarf, hat, and waterproof gloves or mittens. Stores with a good selection of winter coats and boots include Bivouac, Moosejaw, REI, and the Land's End Shop at Sears.

Outlet Malls
Outlet malls offer discounts on past-season designer merchandise. They are located far from campus and require a car.

Birch Run Outlet Mall [76]
Tanger Outlet Mall [77]
Great Lakes Crossing Outlet Mall [78]

Shopping Online

Online stores

National retailers often offer a better selection of goods online than in their stores. These sites usually charge shipping fees and sales tax, and you will need a credit card for most purchases.

Stores can be found with an online search engine (google [79] or yahoo [80]). The website shopping.yahoo.com [81] brings together many online retailers and provides price comparisons.

Be cautious when buying online. Make sure you are buying from a legitimate online retailer. Check sites such as Yahoo! Shopping for reviews of online retailers and products.

Buying goods online

Online auctions and marketplaces have made it much easier to find new and used goods at reasonable prices. Delivery and payment methods vary, but credit cards and PayPal (www.paypal.com [82]) are commonly used.

Craig's List [83]
A great place for used items such as furniture, cars, books, music, electronics and more. Ads are often posted anonymously so it is possible that some ads may be inaccurate or misleading. When purchasing items or checking out a product, always arrange to meet in a well-populated, familiar area and bring friends along. Always check out the product in person before purchasing the item.

eBay [84]
Online auction site. Auctions run for a specified number of days. Buyers bid on items and the the highest bid wins.
