**Cultural and Social Events**

**60 Minutes Around the Globe** is a monthly event in which international students present information about their home countries! The topics vary based on presenter preference, but may include information about food, music, sports, politics, religions, etc. The presentations are intended to be informal and are followed by a question and answer session. This is a great opportunity to learn more about another part of the world and - if you're going to be traveling to one of the countries being presented on - it's a great way to "know before you go." Cultural food tastings are provided. While walk-ins are welcome at the event, early registration is appreciated so we can better prepare for the event.
