

Employment Authorization for F-1 and J-1 Students: An Overview

Location: [1200 EECS](#) [2], [North Campus](#) [3]

Description: Would you like to learn more about the different kinds of employment authorization for F-1 and J-1 students, for employment either before or immediately after graduation? Or maybe you have heard about “OPT”, “CPT”, or “AT”, but want to know more about the differences between them and their advantages and disadvantages.

At this workshop, we will provide an overview of employment authorization options. After attending this workshop, you will understand what kind of employment authorization is most appropriate for you, and will know what you need to do next if you decide to apply for one of these “work permits.”

This workshop is co-sponsored by The Society of Asian Scientists and Engineers ([SASE](#) [4]) and the International Center.
