International Education Week

International Education Week [1] (IEW) is an opportunity to celebrate the benefits of international education and exchange worldwide. This joint initiative of the U.S. Department of State and the U.S. Department of Education is part of efforts to promote programs that prepare Americans for a global environment and attract future leaders from abroad to study, learn, and exchange experiences.

We encourage you to attend events held during the International Education Week. Please check our November Event Calendar [2] and International Career Pathways Sessions [3] for the detailed descriptions of each event and attend as many as possible.
